Board of Directors:-

D G L White (Chairman) R D Cartwright

REPORT OF THE DIRECTORS

The directors present their report and the accounts for the year ended 31 December 1994.

Principal activities

The principal activities of the company are to market and distribute petroleum products throughout the Middle East. Specific activities include the marketing of automotive and industrial lubricants, aviation fuel and ground products, with trading activity being most prominent in the United Arab Emirates and Oman. It is the intention that the above businesses of the company will continue for the foreseeable future.

Financial results and dividends

The profit for the year is £17,553,035. After adding the reserves brought forward of £36,820,320, deducting exchange losses of £1,424,096 and the dividend paid of £15,000,000, the balance of retained profit carried forward is £37,949,259.

Fixed assets

Details of the company's fixed assets are given in note 7 and 8 of the accounts.

Directors

The directors listed above served throughout the financial year.

STATEMENT OF DIRECTORS' RESPONSIBILITIES IN RESPECT OF THE ACCOUNTS

Company law requires the directors to prepare accounts for each financial year which give a true and fair view of the state of affairs of the company and of the profit or loss of the company for that period. In preparing those accounts, the directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the accounts; and
- prepare the accounts on the going concern basis, as the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future.

The directors are also responsible for keeping proper accounting records which disclose with reasonable accuracy at any time the financial position of the company and to enable them to ensure that the accounts comply with the Companies Act 1985. They are also responsible for safeguarding the assets of the company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The directors confirm that they have complied with these requirements.

REPORT OF THE AUDITORS TO THE MEMBERS OF BP MIDDLE EAST LIMITED

We have audited the accounts on pages 5 to 15 which have been prepared under the historical cost convention and on the basis of the accounting policies set out on page 5.

Respective responsibilities of directors and auditors

As described on page 3 the company's directors are responsible for the preparation of the accounts. It is our responsibility to form an independent opinion, based on our audit, on those accounts and to report our opinion to you.

Basis of opinion

We conducted our audit in accordance with Auditing Standards issued by the Auditing Practices Board. An audit includes examination, on a test basis, of evidence relevant to the amounts and disclosures in the accounts. It also includes an assessment of the significant estimates and judgements made by the directors in the preparation of the accounts, and of whether the accounting policies are appropriate to the company's circumstances, consistently applied and adequately disclosed.

We planned and performed our audit so as to obtain all the information and explanations which we considered necessary in order to provide us with sufficient evidence to give reasonable assurance that the accounts are free from material misstatement, whether caused by fraud or other irregularity or error. In forming our opinion we also evaluated the overall adequacy of the presentation of information in the accounts.

Opinion

In our opinion the accounts give a true and fair view of the state of affairs of the company as at 31 December 1994 and of the profit for the year then ended and have been properly prepared in accordance with the Companies Act 1985.

ACCOUNTING POLICIES

Basis of preparation

The accounts have been prepared under the historical cost convention and in accordance with applicable accounting standards.

As the ultimate parent undertaking has published a group cash flow statement in compliance with Financial Reporting Standard No. 1 a cash flow statement is not presented in these accounts.

Group accounts

Group accounts are not submitted as the company is exempt from the obligation to prepare group accounts under Section 228(1) of the Companies Act 1985. These accounts, therefore, present information about the company as an individual undertaking and not about the group. The results of subsidiary and associated undertakings are dealt with in the consolidated accounts of the ultimate parent undertaking, The British Petroleum Company p.l.c.. Only dividend income is reflected in the company's profit and loss account. Provisions are made against investments in, and advances to subsidiary and associated undertakings where it is considered that these amounts will not be fully recovered in the foreseeable future.

Depreciation

Tangible fixed assets are depreciated on a straight line basis over their estimated useful lives.

Stock valuation

Stocks are valued at cost by the company using the first-in, first-out method, or at net realisable value, whichever is the lower. Stores are stated at or below cost calculated mainly using the average method.

Foreign currencies

Assets and liabilities of the foreign currency branches are translated into sterling at closing rates of exchange. The profit and loss account is translated at average rates of exchange.

Exchange differences resulting from the retranslation of net investments in branches at closing rates, together with the difference between the profit and loss account translated at average rates and at closing rates, are dealt with in reserves.

All other exchange gains or losses on settlement or translation at closing rates of exchange of monetary assets and liabilities are included in the determination of profit for the year.

Deferred taxation

Deferred taxation is calculated using the liability method. Provision is made where timing differences are expected to reverse in the foreseeable future.

(4M

ACCOUNTING POLICIES

Leases

Assets held under leases which result in the company receiving substantially all risks and rewards of ownership (finance leases) are capitalised as tangible fixed assets at the estimated present value of underlying lease payments. The corresponding finance lease obligation is included with borrowings. Rentals under operating leases are charged against income as incurred.

Provisions for employees' end of service benefits

Provision is made for amounts payable under the company's rules applicable to employees' accumulated periods of service at the balance sheet date. The amount provided meets the requirements of the local labour laws.

United Kingdom Corporation Tax

The company is a member of a group for the purposes of relief under section 402 of the Income and Corporation Taxes Act 1988. The corporation tax liability has been partially covered by double tax relief and owing to the availability of group relief, no provision has been made in the accounts of this company for the balance of the liability. The group's current corporation tax liability has been provided in the accounts of BP International Limited, a fellow subsidiary undertaking.

Provision for deferred taxation has been made in the accounts of BP International Limited, a fellow subsidiary undertaking having regard to the group deferred taxation position.

NOTES TO THE ACCOUNTS

6. Taxation (continued)

The gross potential liability of this company for deferred taxation at 31 December 1994 of £71,656 (1993 £Nil) comprises tax at 33% on timing differences principally between the accounting and tax treatment of fixed assets and general provisions. If provision for deferred taxation had been made in the accounts on the basis of the gross potential liability there would have been a charge for the year of £71,656 (1993 Nil).
